## Work Experience

**Elixir Techne** – UI/UX Designer

Jul 2025 – Present

- At Elixir Techne, I am responsible for leading UI/UX design also sometimes for little graphics design. My efforts are for various digital products, including web platforms and mobile applications. My work involves conducting user research, creating wireframes, interactive prototypes, and high-fidelity UI designs. I collaborate with product managers, developers, and other stakeholders to ensure a user-centered design approach is integrated throughout the product lifecycle. I also participate in usability testing to validate design choices and continuously improve user experience based on real feedback.

**Shreeji Software** – UI/UX Designer

Sep 2024 – Jun 2025

- As a UI/UX Designer at Shreeji Software, I collaborated with cross-functional teams to craft user-centered digital solutions. My responsibilities included user research, journey mapping, and developing wireframes and prototypes. I designed responsive web interfaces and mobile app screens, ensuring optimal usability and accessibility across devices. My role involved closely coordinating with developers to implement designs accurately and efficiently.

**eMonk IT Solutions** – UI/UX Designer | Graphic Designer | Web Designer

May 2022 – Aug 2024

- At eMonk IT Solutions, I worked across multiple roles focusing on enhancing user engagement through thoughtful design. I designed UI/UX for web and mobile platforms, conducted detailed user research, created wireframes and interactive mockups, and collaborated with developers to ensure pixel-perfect implementation. As a Web Designer, I also crafted visually appealing, responsive websites that aligned with brand identities and marketing goals.

**Way To Code Technologies LLP** – UI/UX Designer | Web Designer

Sep 2021 – April 2022

- During my tenure as a UI/UX and Web Designer, I focused on creating seamless digital experiences and visually appealing websites to enhance the institution's online presence and user satisfaction.
- In addition to UI/UX design, I also leveraged my expertise in HTML, CSS, and responsive design principles to create custom website layouts and interfaces.
